UNIQUE VINEYARD

BARBARESCO

BARBARESCO DI BARBARESCO	For many years now we have been producting this small selection of Barbaresco, a single vineyard planted in a not very deep soil where limestone and marns alternate, for a limited quantity of bottles that will surely give you great emotions. Ageing in wood, this wine develops harmonious sensations with floral and spicy notes and an intense colour. A solid structure leading to great elegance, typical of Nebbiolo for Barbaresco. We wanted a soft and enveloping wine, surely complex, but also able to combine the austere tones of the great Nebbiolo with more tenuous and elegant scents.
VINEYARD	Varietal: Nebbiolo 100% Vineyard: vineyard in the Village of Barbaresco Altitude: 290 metres a.s.l. Soil: limestone with white tuff marlstone Vine training technique: guyot
WINEMAKING	Fermentation in steel vats with maceration period of two weeks followed by malo-lactic fermentation. Wine is then aged in young oak barrels and then in the bottle.
WINE	Nicely intense in colour, ample and ethereal, it expresses all the softness of the well-aged Nebbiolo with smooth tannins and scents of liquorice and violet; excellent evolution potential.
